

## Message in a Cuddle in your store or online shop?

45 cm large plush toys incl. Voice Recorder with your own spoken message

Our **12 unique 45 cm plush toys** with Voice Recorder are more than just plush toys: they bring personal messages and memories to life. Perfect for gift stores, party stores, toy stores, memorial shops, and more. Whether you are looking for small or large quantities, we make it easy to get started.

### 1. GIFTBOX FOR ONLINE SALES CHANNELS

For online channels, we supply our plush toys in a stylish luxury Giftbox. This high-quality packaging creates an unforgettable unboxing experience and makes the gift ready to give immediately. Perfect if you are looking for an exclusive and premium presentation!

### 2. STORE PACKAGING FOR OFFLINE SALES

For offline sales channels, we have developed our new Shopbox. This packaging makes it possible to see, feel, and hear the plush toy directly. This packaging is available in four languages (Dutch, English, French, and German) and complies with the local regulations of each of these countries. This creates retail packaging where customers can see at a glance what the product is and how it works. This ensures not only an attractive presentation, but also clear and accessible product information.

### OUR UNIQUE VOICE RECORDER

With our self-developed Voice Recorder, playing and recording your message is very easy. With the press of a button, you record your message, up to 60 seconds, using the built-in microphone.

It is also possible to upload an **MP3 file**. In that case, there is no time limit, allowing you to play longer recordings as well. **No software or app required.**

**XL SIZE:** Large plush toy of no less than 45 cm.  
**PACKAGING IN 4 LANGUAGES:** Ideal for international customers.
